**Answer:**

Explanation:

Explanation

Box 1:

When the installation is complete, all users will be prompted to install several updates. In the configuration file, the Updates Enabled element is set to True. This means that Office will check for updates after the installation.

The Channel element set to Broad means that all semi-annual channel updates will be installed.

Box 2:

Office 365 ProPlus will be installed only on the computers that run a 64-bit version of Windows 10.

The OfficeClientEdition element defines whether the 32-bit or 64-bit edition of Office 365 ProPlus is downloaded or installed. In the configuration file, it is set to '64'. The 64-bit version will only install on a 64-bit client computer.
